he may refuse to accept the application or require that the application, specification or drawings be amended before he proceeds with the application; and in the latter case the application shall, if the Controller so directs, bear date as from the time when the requirement is complied with.

(2) Where the Controller refuses to accept an application or requires an amendment, the applicant may appeal from his decision to the Governor General in Council.

(3) The investigations required by this section shall not be held in any way to guarantee the validity of any patent, and no liability shall be incurred by the Governor General in Council or any officer by reason of, or in connection with, any such investigation, or any proceeding consequent thereon.

(4) Unless an application is accepted within twelve months from the date of the application, the application shall (except where an appeal has been lodged) become void:

Provided that where an application is made for an extension of time for the acceptance of an application, the Controller shall, on payment of the prescribed fee, grant an extension of time to the extent applied for but not exceeding three months.

6. On the acceptance of an application the Controller shall give notice thereof to the applicant and shall advertise the acceptance; and the application and specification with the drawings (if any) shall be open to public inspection.

7. Where an application for a patent in respect of an invention has been accepted, any use or publication of the invention during the period between the date of application and the date of sealing such patent, shall not prejudice the patent to be granted for the invention:

Provided that an applicant shall not be entitled to institute any proceedings for infringement unless and until a patent for the invention has been granted to him.

8. After acceptance of an application and before sealing a patent the Controller shall, if he thinks it advisable or is directed by the Governor General in Council so to do, refer the specification for inquiry and report to any person whom he thinks fit.

9. (1) Any person may, on payment of the prescribed fee, at any time within three months from the date of the advertisement of the acceptance of an application, give notice at the Patent Office of opposition to the grant of the patent on any of the following grounds, namely:—

- (a) that the applicant obtained the invention from him, or from a person of whom he is the legal representative or assign; or
- (b) that the invention has been claimed in any specification filed in British India which is or will be of prior date to the patent, the grant of which is opposed; or
- (c) that the nature of the invention or the manner in which it is to be performed is not sufficiently or fairly described and ascertained in the specification; or
- (d) that the invention has been publicly used in any part of British India or has been made publicly known in any part of British India;

but on no other ground.

(2) Where such notice is given, the Controller shall give notice of the opposition to the applicant, and shall, on the expiration of those three months, after hearing the applicant and the opponent, if desirous of being heard, decide on the case.

(3) The decision of the Controller shall be subject to appeal to the Governor General in Council.

10. (1) If there is no opposition, or, in case of opposition, if the determination is in favour of the grant of a patent, a patent shall, on payment of the prescribed fee, be granted, subject to such conditions (if any) as the Governor General in Council thinks expedient, to the applicant,

or in the case of a joint application to the applicants jointly, and the Controller shall cause the patent to be sealed with the seal of the Patent Office.

(2) A patent shall be sealed as soon as may be, and not after the expiration of eighteen months from the date of application :

Provided that,—

(a) where the Controller has allowed an extension of the time within which an application may be accepted, a further extension of four months after the said eighteen months shall be allowed for the sealing of the patent ;

(b) where the sealing is delayed by an appeal to the Governor General in Council, or by a reference under section 8, or by opposition to the grant of the patent, the patent may be sealed at such time as the Controller may direct ;

(c) where the patent is granted to the legal representative of an applicant who has died before the expiration of the time which would otherwise be allowed for sealing the patent, the patent may be sealed at any time within twelve months after the date of his death ;

(d) where in consequence of the neglect or failure of the applicant to pay any fee a patent cannot be sealed within the period allowed by this section, that period may, on payment of the prescribed fee and on compliance with the prescribed conditions, be extended to such an extent as may be prescribed.

11. Except as otherwise expressly provided

by this Act, a patent shall be dated and sealed as of the date of the application :

Provided that no proceedings shall be taken in respect of an infringement committed before the publication of the specification.

12. (1) A patent sealed with the seal of the Patent Office shall, subject to the other provisions of this Act, confer on the patentee the exclusive privilege of making, selling and using the invention throughout British India and of authorizing others so to do.

(2) Every patent may be in the prescribed form and shall be granted for one invention only, but the specification may contain more than one claim ; and it shall not be competent for any person in a suit or other proceeding to take any objection to a patent on the ground that it has been granted for more than one invention.

13. (1) A patent granted to the true and first inventor or his legal representative or assign shall not be invalidated by an application in fraud of him, or by protection obtained thereon or by any use or publication of the invention subsequent to that fraudulent application during the period of protection.

(2) Where a patent has been revoked on the ground of fraud or on any other ground, the Controller may, on the application of the true inventor or his legal representative or assign made in accordance with the provisions of this Act, grant to him a patent in lieu of and bearing the same date as the patent so revoked for any invention comprised in the revoked patent to which he was entitled :

Provided that no suit shall be brought for any infringement of the patent so granted committed before the actual date when such patent was granted.

Term of Patent.

14. (1) The term limited in every patent for the duration thereof shall, save as otherwise expressly provided by this Act, be fourteen years from its date.

(2) A patent shall, notwithstanding anything therein or in this Act, cease if the patentee fails to pay the prescribed fees within the prescribed times :

Provided that the Controller, upon the application of the patentee, shall, on receipt of such additional fee as may be prescribed, enlarge the time to such an extent as may be applied for but not exceeding three months.

(3) If any proceeding is taken in respect of an infringement of the patent committed after a failure to pay any fee within the prescribed time, and before any enlargement thereof, the Court before which the proceeding is taken may, if it thinks fit, refuse to award any damages in respect of such infringement.

15. (1) A patentee may, after advertising his intention to do so, present a petition to the Governor General in Council praying that his patent may be extended for a further term ; but such petition must be left at the Patent Office at least six months before the time limited for the expiration of the patent and must be accompanied by the prescribed fee.

(2) Any person may give notice to the Controller of objection to the extension.

(3) Where a petition is presented under sub-section (1), the Governor General in Council may, as he thinks fit, dispose of the petition himself or refer it to a High Court for decision.

(4) If the petition be referred to a High Court, then on the hearing of such petition under this section the patentee, and any person who has given notice under sub-section (2) of objection, shall be made parties to the proceeding, and the Controller shall be entitled to appear and be heard.

(5) The Court to which the petition is referred shall, in considering its decision, have regard to the nature and merits of the invention in relation to the public, to the profits made by the patentee as such, and to all the circumstances of the case.

(6) If it appears to the Governor General in Council, or to the High Court when the petition has been referred to it, that the patentee has been inadequately remunerated by his patent, the Governor General in Council or the High Court, as the case may be, may by order extend

the term of the patent for a further term not exceeding seven, or, in exceptional cases, fourteen years, or may order the grant of a new patent for such term as may be specified in the order and subject to the payment of such fees as may be prescribed and containing any restriction, conditions and provisions which the Governor General in Council or the High Court, as the case may be, may think fit:

Provided that any patent so extended or granted shall, notwithstanding anything therein, or in this Act, cease if the inventor fails to pay before the expiration of each year the prescribed fee.

16. (1) Where any patent has ceased owing to the failure of the patentee to pay any prescribed fee within the prescribed time, the patentee may apply to the Controller in the prescribed manner for an order for the restoration of the patent.

(2) Every such application shall contain a statement of the circumstances which have led to the omission of the payment of the prescribed fee.

(3) If it appears from such statement that the omission was unintentional or unavoidable and that no undue delay has occurred in the making of the application, the Controller shall advertise the application in the prescribed manner, and within such time as may be prescribed any person may give notice of opposition at the Patent Office.

(4) Where such notice is given the Controller shall notify the applicant thereof.

(5) After the expiration of the prescribed period the Controller shall hear the case and, subject to an appeal to the Governor General in Council, issue an order either restoring the patent subject to any conditions deemed to be advisable or dismissing the application:

Provided that in every order under this section restoring a patent such provisions as may be prescribed shall be inserted for the protection of persons who may have availed themselves of the subject-matter of the patent after the patent had ceased.

Amendment of application or specification.

17. (1) An applicant or a patentee may at any time, by request in writing left at the Patent Office and accompanied by the prescribed fee, seek leave to amend his application or specification, including drawings forming part thereof, by way of disclaimer, correction or explanation, stating the nature of, and the reasons for, the proposed amendment.

(2) If the application for a patent has not been accepted, the Controller shall determine whether and subject to what conditions (if any) the amendment shall be allowed.

(3) In any other case the request and the nature of the proposed amendment shall be advertised in the prescribed manner, and at any time within three months from its first advertisement any person may give notice at the Patent Office of opposition to the amendment.

(4) Where such a notice is given the Controller shall give notice of the opposition to the person making the request, and shall hear and decide the case.

(5) Where no notice of opposition is given, or the person so giving notice of opposition does not appear, the Controller shall determine whether and subject to what conditions, if any, the amendment ought to be allowed.

(6) The decision of the Controller in either case shall be subject to an appeal to the Governor General in Council.

(7) No amendment shall be allowed that would make the application or specification, as amended, claim an invention substantially larger than, or substantially different from, the invention claimed by the application or specification as it stood before amendment.

(8) Leave to amend shall be conclusive as to the right of the party to make the amendment allowed, except in case of fraud; and the amendment shall be advertised in the prescribed manner, and shall in all Courts and for all purposes be deemed to form part of the application or specification.

(9) This section shall not apply when and so long as any suit for infringement or proceeding before a Court for the revocation of the patent is pending.

18. In any suit for infringement of a patent or proceeding before a Court for the revocation of a patent the Court may by order allow the patentee to amend his specification by way of disclaimer in such manner, and subject to such terms as to costs, advertisement or otherwise, as the Court may think fit:

Provided that no amendment shall be so allowed that would make the specification, as amended, claim an invention substantially larger than, or substantially different from, the invention claimed by the specification as it stood before the amendment, and where an application for such an order is made to the Court notice of the application shall be given to the Controller, and the Controller shall have the right to appear and be heard.

19. Where an amendment of a specification by way of disclaimer, correction or explanation has been allowed under this Act, no damages shall be given in any suit in respect of the use of the invention before the disclaimer, correction, or explanation, unless the patentee establishes to the satisfaction of the Court that his original claim was framed in good faith and with reasonable skill and knowledge.

Register of Patents.

20. (1) There shall be kept at the Patent Office a book called the Register of Patents, wherein shall be entered the names and addresses of grantees of patents, notifications of assignments and of transmissions of patents, of licenses under patents, and of amendments, extensions, and revocations of patents, and such other matters affecting the validity or proprietorship of patents as may be prescribed.

(2) The register of inventions and address book existing at the commencement of this Act shall be incorporated with, and form part of, the register of patents under this Act.

(3) The register of patents shall be *prima facie* evidence of any matters by this Act directed or authorised to be inserted therein.

(4) Copies of deeds, licenses and any other documents affecting the proprietorship in any patent or in any license thereunder, must be supplied to the Controller in the prescribed manner for filing in the Patent Office, and, unless such copies have been so supplied, such deeds, licenses or other documents shall not be received as evidence of any transaction affecting a patent.

Crown.

21. Subject to any conditions which the Governor General in Council may have imposed, a patent shall have to all intents the like effect as against His Majesty as it has against a subject:

Provided that the officers or authorities administering any department of the service of His Majesty may, by themselves, their agents, contractors or others, at any time after the application, use the invention for the services of the Crown on such terms as may, either before or after the use thereof, be agreed on, with the approval of the Governor General in Council, between those officers or authorities and the patentee, or, in default of agreement, as may be settled by the Governor General in Council after hearing all parties interested.

Compulsory Licenses and Revocation.

22. (1) Any person interested may present a petition to the Governor General in Council, which shall be left at the Patent Office, together with the prescribed fee, alleging that the reasonable requirements of the public with respect to a patented invention have not been satisfied, and praying for the grant of a compulsory license, or, in the alternative, for the revocation of the patent.

(2) The Governor General in Council shall consider the petition, and if the parties do not come to an arrangement between themselves the Governor General in Council may, as he thinks fit, either dispose of the petition himself or refer it to a High Court for decision.

(3) The provisions of sub-section (4) of section 15, prescribing the procedure to be followed in the case of references to the Court under that section, shall apply in the case of references made to the Court under this section.

(4) If the Governor General in Council is of opinion, or, where a reference has been made under sub-section (2) to a High Court, that Court finds, that the reasonable requirements of the public with reference to the patented invention have not been satisfied, the patentee may be ordered to grant licenses on such terms as the Governor General in Council or the High Court, as the case may be, may think just, or, if the Governor General in Council or the High Court is of opinion that the reasonable requirements of the public will not be satisfied by the grant of licenses, the patent may be revoked by order of the Governor General in Council or the High Court:

Provided that an order of revocation shall not be made before the expiration of four years from the date of the patent, or if the patentee gives satisfactory reasons for his default.

(5) For the purposes of this section the reasonable requirements of the public shall not be deemed to have been satisfied—

(a) if by reason of the default of the patentee to manufacture to an adequate extent and supply on reasonable terms the patented article, or any parts thereof which are necessary for its efficient

working, or to carry on the patented process to an adequate extent or to grant licenses on reasonable terms, any existing trade or industry, or the establishment of any new trade or industry in British India is unfairly prejudiced, or the demand for the patented article or the article produced by the patented process is not reasonably met; or

(b) if any trade or industry in British India is unfairly prejudiced by the conditions attached by the patentee before or after the commencement of this Act to the purchase, hire, or use of the patented article or to the using or working of the patented process.

(6) An order of the Governor General in Council or of the High Court directing the grant of any license under this section shall, without prejudice to any other method of enforcement, operate as if it were embodied in a deed granting a license and made between the parties to the proceeding.

23. (1) At any time not less than four years after the date of a patent granted under this Act, any person may apply to the Governor General in Council for the revocation of the patent on the ground that the patented article or process is manufactured or carried on exclusively or mainly outside British India.

(2) The Governor General in Council shall consider the application, and, if after inquiry he is satisfied—

(a) that the allegations contained therein are correct; and

(b) that the applicant is prepared, and is in a position, to manufacture or carry on the patented article or process in British India; and

(c) that the patentee refuses to grant a license on reasonable terms,

then, subject to the provisions of this section, and unless the patentee proves that the patented article or process is manufactured or carried on to an adequate extent in British India, or gives satisfactory reasons why the article or process is not so manufactured or carried on, the Governor General in Council may make an order revoking the patent either—

(i) forthwith; or

(ii) after such reasonable interval as may be specified in the order, unless in the meantime it is shown to his satisfaction that the patented article or process is manufactured or carried on within British India to an adequate extent.

(3) No order revoking a patent shall be made under the last sub-section which is at variance with any treaty, convention, arrangement or engagement with any foreign country or British possession.

(4) The Governor General in Council may, on the application of the patentee, extend the time limited in any order made under sub-section (2), clause (ii), for such period not exceeding two years as he may specify in a subsequent order, or revoke any order made under sub-section (2), clause (ii), or any subsequent order if sufficient cause is in his opinion shown by the patentee.

24. A patentee may at any time, by giving notice in the prescribed manner to the Controller, offer to surrender his patent, and the Controller may, if after giving notice of the offer and

hearing all parties who desire to be heard he thinks fit, accept the offer, and thereupon make an order for the revocation of the patent.

25. A patent shall be deemed to be revoked if the Governor General in Council declares, by notification in the Gazette of India, the patent or the mode in which it is exercised to be mischievous to the State or generally prejudicial to the public.
